CONTENTS

No. 1—February

PAGE

BRODEUR, B. R., ASHTON, F. E. and DIENA, B. B. Enzyme-linked immunosorbent assay with polyvalent gonococcal antigen 1

CAVALIERI, S. J. and SNYDER, I. S. Cytotoxic activity of partially purified *Escherichia coli* haemolysin 11

LINGGOOD, MARGARET A. and INGRAM, P. L. The role of α haemolysin in the virulence of *Escherichia coli* for mice 23

KLEMPERER, RUTH M. M., AL-DUJAILI, D. A. and BROWN, M. R. W. Colonial variants of *Proteus* species: their growth requirements, biochemical characters and resistance to antibacterial agents 31

CHITNIS, D. S., SHARMA, K. D. and KAMAT, R. S. Role of bacterial adhesion in the pathogenesis of cholera 43

CHITNIS, D. S., SHARMA, K. D. and KAMAT, R. S. Role of somatic antigen in the adhesion of *Vibrio cholerae* to the intestinal mucous membrane. . . 53

BARTON, I. G., NAGEM, S. N., WALKER, M. J. and POTTER, G. W. Isolation and characterisation of two strains of herpesvirus hominis type 1 from fallopian tubes (Plates II-III) 63

ASKELÖF, P., GRANSTRÖM, MARTA, GILLENIUS, P. and LINDBERG, A. A. Purification and characterisation of a fimbrial haemagglutinin from *Bordetella pertussis* for use in an enzyme-linked immunosorbent assay . 73

GRANSTRÖM, MARTA, LINDBERG, A. A., ASKELÖF, P. and HEDERSTEDT, B. Detection of antibodies in human serum against the fimbrial haemagglutinin of *Bordetella pertussis* by enzyme-linked immunosorbent assay . 85

URSI, J.-P., VAN DYCK, E., BALLARD, R. C., JACOB, W., PIOT, P. and MEHEUS, A. Z. Characterisation of an unusual bacterium isolated from genital ulcers 97

RUTTER, J. M., FRANCIS, LESLEY M. A. and SANSOM, B. F. Virulence of *Bordetella bronchiseptica* from pigs with or without atrophic rhinitis . 105

SHORT ARTICLES

GLOVER, S. C., SMITH, C. C. and PORTER, I. A. Fatal salmonella septicaemia with disseminated intravascular coagulation and renal failure . . . 117

LAWAL, S. F., COKER, A. O., SOLANKE, E. A. and OGUNBI, O. Serotypes among Lancefield-group G streptococci isolated in Nigeria 123

BRANSBY, R. D. and GRÜNEBERG, R. N. Motility of enterococci isolated from the urinary tract and from other sources 127

PATEL, J. R. Effect of virus antibody on infection of mouse brain by Mount Elgon bat virus 131

LIN, J.-S. L. Complement-mediated killing of *Ureaplasma urealyticum* by antibody directed against components of the growth medium . . . 135

WILKS, M. N., THIN, R. N. and TABAQCHALI, SOAD. Quantitative methods for studies on vaginal flora 141

BOOKS RECEIVED 149

ISSN 0022–2615

No. 2—May

PAGE

FRASER, CHERRY A. M. Preparation of specific antisera to the opacity factors of group-A streptococci 153

FIRSHEIN, W., GROSS, D. and RUSSO, J. Changes in the serum of mice infected with *Streptococcus pneumoniae* that stimulate in-vitro multiplication of virulent but not avirulent strains 163

EKWALL, E., SVENSON, S. B. and LINDBERG, A. A. Identification of salmonellae of serogroup C1 by immunofluorescence and co-agglutination with antiserum against an oligosaccharide-protein conjugate 173

RODGERS, F. G. Identification of *Legionella pneumophila* antigens and antibodies by immunoferritin electronmicroscopy 181

STARK, P. L. and LEE, A. The microbial ecology of the large bowel of breast-fed and formula-fed infants during the first year of life 189

LEMKE, RUTH M. and BURROWS, M. R. Studies on a haemolysin produced by *Treponema hyodysenteriae* 205

NAIR, ROHINI and KAMAT, R. S. Effector cell-mediated immune response in mice immunised with *Salmonella* 215

POXTON, I. R., BROWN, R. and COLLEE, J. G. Detection of species-specific and cross-reactive cell-surface antigens of *Bacteroides* species by an indirect enzyme-linked immunosorbent assay 223

CRICHTON, PAMELA B. and OLD, D. C. A biotyping scheme for the subspecific discrimination of *Escherichia coli* 233

SHORT ARTICLES

NOBRE, G. N. Identification of *Haemophilus ducreyi* in the clinical laboratory . 243

BLACKWELL, C. CAROLINE, WINSTANLEY, F. P. and TELFER BRUNTON, W. A. Sensitivity of thermophilic campylobacters to R-type pyocines of *Pseudomonas aeruginosa* 247

VAN STEENBERGEN, T. J. M., DEN OUDEN, M. D., TOUW, J. J. A. and DE GRAAFF, J. Cytotoxic activity of *Bacteroides gingivalis* and *Bacteroides asaccharolyticus* 253

ADLER, B. and FAINE, S. Evidence that leptospiral lipopolysaccharide is not an important protective antigen 259

LÁNYI, B. Rhodanese activity: a simple and reliable taxonomic tool for gram-negative bacteria 263

NORTH, M. E., NEWTON, C. A., WRIGHT, D. J. M. and WEBSTER, A. D. B. Bactericidal activity of serum for *Klebsiella rhinoscleromatis*: studies on serum from a patient with rhinoscleroma and sera deficient in antibody or complement 267

BOOKS RECEIVED 273

PROCEEDINGS OF THE PATHOLOGICAL SOCIETY OF GREAT BRITAIN AND IRELAND PI

No. 3—August

BERCHE, P. A. and CARTER, P. B. Calcium requirement and virulence of *Yersinia enterocolitica* 277

DEI, R., MARMO, F., CORTE, D., SAMPIETRO, M. G., FRANCESCHINI, E. and URBANO, P. Age-related changes in the prevalence of precipitating antibodies to BK virus in infants and children 285

PAGE

HAMMANN, R. A reassessment of the microbial flora of the female genital tract, with special reference to the occurrence of *Bacteroides* species . . . 293

IWAHI, T., ABE, Y. and TSUCHIYA, K. Virulence of *Escherichia coli* in ascending urinary-tract infection in mice 303

HAMBLETON, P., BASKERVILLE, A., FITZGEORGE, R. B. and BAILEY, N. E. Pathological and biochemical features of *Legionella pneumophila* infection in guinea-pigs 317

GRIFFISS, J. McL. Epidemiological value of lipopolysaccharide and heat-modifiable outer-membrane protein serotyping of group-A strains of *Neisseria meningitidis* 327

ROBINSON, A. J., RAMADASS, P., LEE, ALISON and MARSHALL, R. B. Differentiation of subtypes within *Leptospira interrogans* serovars *hardjo*, *balcanica* and *tarassovi* by bacterial restriction-endonuclease analysis (BRENDA) 331

CALDWELL, JILL and LEHNER, T. Immunisation of rhesus monkeys with *Streptococcus mutans*, *Lactobacillus acidophilus* and lipoteichoic acid for protection against dental caries 339

JONES, G. R. and GEMMELL, C. G. Impairment by *Bacteroides* species of opsonisation and phagocytosis of enterobacteria 351

BAGG, J., POXTON, I. R., WEIR, D. M. and ROSS, P. W. Binding of type-III group-B streptococci to buccal epithelial cells 363

LAM, C. and MATHISON, G. E. Intraphagocytic protection of staphylococci from extracellular penicillin 373

SHORT ARTICLES

RILEY, T. V. and MEE, B. J. A bacteriocin typing system for *Bacteroides* . . 387

HO-TERRY, LINDA, COHEN, A. and LONDESBOROUGH, P. Rubella virus, wild-type and RA27/3 strains: a comparison by polyacrylamide-gel electrophoresis and radioimmune precipitation 393

BOOKS RECEIVED 399

No. 4—November

LACEY, R. W. Occasional Review: Do sulphonamide-trimethoprim combinations select less resistance to trimethoprim than the use of trimethoprim alone? 403

LAHIRI, A., AGARWAL, R. K. and SANYAL, S. C. Biological similarity of enterotoxins of *Vibrio cholerae* serotypes other than type 1 to cholera toxin and *Escherichia coli* heat-labile enterotoxin 429

SEGAL, A. W., HARPER, A. M., GARCIA, R. C. and MERZBACH, D. The action of cells from patients with chronic granulomatous disease on *Staphylococcus aureus* 441

HALLAS, GILLIAN and WIDDOWSON, JEAN P. The opacity factor of group-A streptococci 451

BEHBEHANI, M. J. and JORDAN, H. V. Comparative pathogenicity of *Actinomyces* species in mice 465

RICHARDSON, J. F. and MARPLES, R. R. Changing resistance to antimicrobial drugs, and resistance typing in clinically significant strains of *Staphylococcus epidermidis* 475

JACKMAN, P. J. H. Classification of *Corynebacterium* species from axillary skin by numerical analysis of electrophoretic protein patterns 485

PAGE

CHRISTOPHER, W. L., ADLER, B. and FAINE, S. Immunogenicity of leptospiral vaccines grown in protein-free medium 493

SINDAR, PEPPA, BRITZ, MARGARET L. and WILKINSON, R. G. Isolation and properties of metronidazole-resistant mutants of *Clostridium perfringens* 503

SAMARANAYAKE, L. P. and MACFARLANE, T. W. The effect of dietary carbohydrates on the in-vitro adhesion of *Candida albicans* to epithelial cells 511

BLAKEY, JOAN L., LUBITZ, L., BARNES, G. L., BISHOP, RUTH F., CAMPBELL, N. T. and GILLAM, G. L. Development of gut colonisation in pre-term neonates 519

GIUGLIANO, L. G., MANN, G. F. and DRASAR, B. S. Response of mammalian cell lines to the toxins of *Escherichia coli* 531

SARAFIAN, S. K. and YOUNG, H. Detection of gonococcal antigens by an indirect sandwich enzyme-linked immunosorbent assay 541

OLD, D. C. and ADEGBOLA, R. A. Haemagglutinins and fimbriae of *Morganella*, *Proteus* and *Providencia* 551

SHORT ARTICLES

ROSENSTEIN, ISOBEL J., LUDLAM, H., HAMILTON-MILLER, J. M. T. and BRUMFITT, W. Anaerobic peri-urethral flora of healthy women and women susceptible to urinary-tract infections 565

MALAMOU-LADAS, HELEN and TABAQCHALI, SOAD. Inhibition of *Clostridium difficile* by faecal streptococci 569

LEVY-FREBAULT, VERONIQUE, GRANDRY, JEANNINE and DAVID, H. L. Evaluation of rapid tests for the identification of mycobacteria 575
